

NPIC ACQUISITION SYSTEMS TECHNICAL
INFORMATION COMMITTEE (NASTIC)

1. NASTIC will inform itself of all technical aspects (affecting exploitation) of all imagery acquisition systems and techniques, both conventional and unconventional, under development or undergoing modifications while in use. Through its membership, NASTIC will inform the appropriate Group and Staff Chiefs of the foregoing developments in order that the latter may take unilateral or joint preparatory action, as required, consistent with NPIC Notice No. 60-1-5, dated 21 June 1968.
2. TAS/TSSG will provide the Chairman. The Chiefs of IEG, PSG, TSSG, and PP&BS will designate members and alternates. The Chairman may invite observers.
3. The office of the Chairman will (a) provide leadership and coordination in inter-agency technical liaison essential to discharge the committee's function in para. 1, (b) support the committee administratively, and (c) arrange briefings and prepare written summaries of information for the membership.
